

**IBM cordially invites you to attend in-depth training on POWER7 Tivoli Storage Manager Software Solution Bundle.**

## **IBM POWER7 Tivoli Storage Manager Solution Bundle Workshop**

Optimized Business Solutions built with IBM Power Systems will be the key area of focus for 2010. This workshop provides insights on sales strategies to expand revenue and profits in 2010 by delivering a superior integrated solution for enterprise data protection requirements. Training on Tivoli Storage Manager 6.1 , implementation and POWER7 Systems technology will enable you to

- \* **Create scalable solutions for data management challenges**
- \* **Address growing storage needs and storage complexity**
- \* **Build robust solutions for Data-retention requirements**
